SUBJECT: Festival of Lights/Winter Wonderland Distribution box purchase

DISCUSSION: In 2019 we completed the electrical service upgrade phase in Winter Wonderland. The plan was to complete the final phase of that project in 2020 by purchasing new distribution boxes. That purchase was put on hold due to budget uncertainty in 2020. The current boxes are original from the early 1990's and are not up to the current electrical code safety standards.

This is a purchase that was scheduled to be later in the summer/fall, but with current pricing in many areas going up, I was able to lock in the same rate from a quote earlier in the year. This is a budgeted purchase for 2021.

RECOMMENDATION: Approve the purchase of 18 new distribution boxes from Springfield Electric for \$11,138.40
