SUBJECT: Request Payment for ESDA Tornado Siren Replacement

DISCUSSION: In our 2021-2022 ESDA budget we would like to replace the last of our outdated rotating tornado sirens which is located on Osage Avenue. As you may recall, we replaced two other sirens the last two budget years, one at ICC, and one on Illini Drive. We have a bid to replace this siren also with a Omni-Directional Whelen 2910, 10 cell siren, which offers no mechanical moving parts and voice messages which can be heard in every direction, unlike the rotating sirens. These units come with a two-year parts and labor warranty.

Attached for review is the invoice from Ragan Communications which details the equipment and installation. I have also attached a document which details the product information.

RECOMMENDATION: Approval the payment of \$42,115.00 to Ragan Communications.
