Department of Buildings & Inspections  
Facilities Management Division  
401 W. Washington Street  
East Peoria, IL 61611**

**DATE:** August 20, 2021

**TO:** The Honorable Mayor and City Council

**THRU:** Mark Hill, Commissioner of Accounts and Finance, Ty Livingston,  
Director of Planning and Community Development *TH*

**FROM:** Robert Cole, Director of Buildings & Inspections *RC*

**SUBJECT:** Eastside Centre Exterior LED Lighting Upgrade Project

**DISCUSSION:** The City plans on installing twenty-seven (27) new LED exterior light fixtures on remaining poles for sidewalks throughout the Eastside Centre complex. The existing fixtures were installed in 2011.

With LED solutions being much more reliable and energy efficient it is proposed to upgrade the sidewalk areas with new LED light fixtures making them safe to commute after late evening sporting events. This would complete the exterior LED conversion plan for the site.

Ameren Illinois has a program that offers municipalities incentives to replace inefficient exterior lighting. The Ameren incentive would be \$1,047.60.

The City received three (3) competitive bids and is recommending the lowest responsible bid from Kirby Risk Electrical Supply Company for \$13,766.70.

**RECOMMENDATION:** Accept the lowest most responsible bid from Kirby Risk Electrical Supply Company in the amount of \$13,766.70 for the Sidewalk LED Exterior Lighting Upgrade. Project will be paid out of the Electrical Aggregation Fund.

**RESOLUTION NO. 2021-051**

**East Peoria, Illinois**  
**\_\_\_\_\_ , 2021**

**RESOLUTION BY COMMISSIONER \_\_\_\_\_**

**WHEREAS**, twenty-seven (27) exterior lighting fixtures for sidewalk areas at EastSide Centre are in need of replacement, and City Officials propose to replace these 27 light fixtures with new energy efficient LED fixtures, thereby completing the exterior lighting conversion at EastSide Centre (the “EastSide Centre Exterior LED Lighting Upgrade Project”); and

**WHEREAS**, the City has obtained bids for the EastSide Centre Exterior LED Lighting Upgrade Project; and
