SUBJECT: Getac Computers

**DISCUSSION:** We recommend the purchase of (8) Getac laptops, vehicle docs, and power adapters for use on our front-line fire apparatus. These are the same computers that are used by the police department and work great with the dispatch CAD system. These computers are not only integrated into the CAD system but can also be used for EMS/Fire charts and building inspections. In addition, there will be (2) additional laptops purchased as back-ups for the police laptops as their equipment is aging. We requested pricing from SHI who has been the low bidder on these laptops for the City, total cost is \$42,192.00 as quoted. Riverboat gaming funds will be used as the funding source for this purchase.

**RECOMMENDATION:**

This Resolution is being recommended for approval.
