THRU: Ty Livingston, Director of Community Development  
Mark Hill, Commissioner of Accounts and Finance

FROM: Robert Cole, Director of Buildings and Inspections

SUBJECT:

The City acquired a Hyster military surplus electric forklift that has been used for freight deliveries for the City facilities the last 10-12 years. The original lead-acid batteries have failed, and need replaced. Because its military grade, the existing battery charger would need to be replaced with a more efficient charger.

We are recommending replacing both the battery and charger to align with the new battery profile and load requirements. The City received (2)- two proposals and recommend going with lowest most responsible proposal from Wiese for the amount of \$9,950.00.

RECOMMENDATION:

Accept the proposal from Wiese in the amount of \$9,950.00 to replace the lead-acid batteries and charger from Wiese
